

## OECM awards Toner Cartridges and Related Services agreements to 2 qualified Suppliers

November 7, 2011

OECM is pleased to announce the selection of 2 Suppliers to provide Toner Cartridges and Related Services to the education sector. Both [Staples Advantage Canada](#) and [The Computer Media Group](#) offer School Boards, Colleges and Universities competitive rates for over 200 products with the flexibility to add more products as needed.

Executed in collaboration with the education sector and with adherence to the [BPS Procurement Directive](#), these agreements are available for a period of 2 years with 2 one-year optional extension periods.

To ensure that OECM agreements meet your requirements, we engaged a working group comprised of procurement experts and representatives from [various institutions](#), to develop the RFP, business requirements and evaluation criteria, and partnered with the OECM Sourcing team during the evaluation process.

### Contract benefits include:

1. Highly competitive rates
2. Environmental friendly products available
3. Free recycling program managed by an ISO certified third party
4. No delivery charges
5. Next day delivery available
6. All products backed-up by manufacturers' and remanufacturers' warranty
7. Availability of **multiple ordering channels** such as email, online ordering, fax and phone
8. **Various payment mechanisms** such as P cards and direct invoicing
9. Both suppliers' products and services accessible across Ontario

### Contract product categories include:

- ⇒ Toner Cartridges
- ⇒ Related products such as Drums, Repair kits, Maintenance kits, Fuser kits
- ⇒ Related services such as recycling program

Access OECM's [Toner User Guide](#) to facilitate a simple and quick onboarding experience. A team of contract specialists are available to assist you with the sign-up process so that you can start to take advantage of agreements' benefits. We can also perform price comparison analysis at your request.
