

PROLAB SCIENTIFIC

For over 35 years, PROLAB SCIENTIFIC has been providing friendly service and quality science supplies at all levels of education across Canada. PROLAB SCIENTIFIC is a proud distributor of scientific and laboratory supplies, exclusively dedicated to the educational market. We are a third generation, family owned and operated company that started out in 1974.

Our fully-stocked 16,000 ft² warehouse will guarantee you on-time delivery on more than 3000 popular products, including labware, chemicals, microscopy, biology, physics, and Earth sciences education products.

Every single order is being shipped from Canada! We serve **all regions throughout Ontario**. Moreover, most Ontario locations are served with next-day delivery. We have the internal capacity to edit, package and ship over 400 orders per day.

With PROLAB SCIENTIFIC, you have access to over **10,000 products**: Our handy hard-copy and online catalogues (www.prolabcatalog.com) and our user-friendly website are there to highlight your specific needs. Ordering from us has never been so easy.

Over the years, PROLAB SCIENTIFIC has developed great relationships with over 400 fellow manufacturers. Most of them are world-leaders in their field of activities.

PROLAB SCIENTIFIC is environmentally pro-active and is also part of the Aon-Hewitt insurance mutual group that maximizes safety standards within our facility.

Your support and faithful loyalty is sincerely appreciated by the PROLAB Science team; your partners in science education.
